

Saving lives. It's in our blood.

To our dear friends and supporters,

We've recently learned that many of you who are using web-based email services, such as Gmail, Yahoo, or Hotmail, have had challenges recently with making online gifts from the links in our emails because of a compatibility issue with ad-blocking software on the Google Chrome web browser.

We've reconfigured our links and, moving forward, this should no longer be an issue. Our apologies if you weren't able to make an online donation during the period when this was an issue. Thank you for your support and if you'd like to make a donation, you can do so now or at any time at afmda.org/donate.

Thank you again. Your gift is so greatly appreciated, especially during this period in Israel when rockets and terrorism are a near daily threat, including an incident this weekend in which a 17-year-old boy was seriously wounded in a stabbing attack.
