05/12/2021

Israeli attacks on Gaza have killed at least 36 Palestinians in the last 24 hours. It is the most intense airstrike in Gaza since 2014.

At least five people in Israel have also been killed.

We also take a look at Russia, a country that is moving into weapons markets left vacant by the US, expanding its geopolitical influence.

And in Afghanistan, as the US prepares to pull out all its troops, we take a look at the impact of 20 years of war on the people.

**[OPINION: Jerusalem, the unfolding tragedy](#)**

For Netanyahu, Jerusalem and Gaza are the gift that keeps on giving.

**[In an arms race for air superiority, Russia challenges US hegemony](#)**

Moscow's expanding sales bring money and geopolitical influence, with clients such as Egypt, Turkey and Algeria.

### [Afghanistan: Visualising the impact of 20 years of war](#)

As the US-led war in Afghanistan draws to an end, we break down the latest figures to show the impact of 20 years of war.

### [OPINON: Why American politicians cannot say the words 'Israeli apartheid'](#)

American political language does not have the capacity to address Palestine because it is disabled by white supremacy.

### [A Muslim history of the UK](#)

How one woman is creating space for an often untold alternative British history.

### [OPINION: The tripartite alliance that is destabilising the Horn of Africa](#)

The common political vision of the leaders of Ethiopia, Eritrea and Somalia threatens to throw the region into turmoil.
