Dear Hans,

Did you know that Israeli farmers have just started – the BIGGEST SUMMER PLANTING IN ISRAEL'S HISTORY???

Since Shmittah (the Sabbatical year) starts in just 14 months, the farmers are using this time to plant new fruit trees like never before.

Also, thanks to an amazing rainfall this past winter, the ground is ready for these new trees.

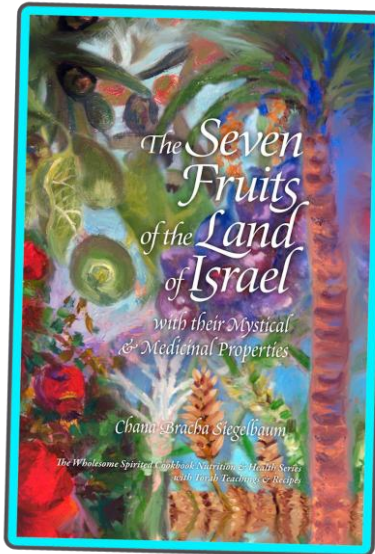

You can take part in history by planting a tree NOW with an Israeli farmer!

****Special offer!**

All tree orders – even if you plant just ONE tree – will receive a **FREE \$49 E-book**

"The Seven Fruits of the Land of Israel" by award winning author and international lecturer; **Rebbetzin Chana Bracha Siegelbaum.**

This book describes the "Seven Fruits" – including their mystical and medicinal properties – the full book even has recipes for making delicious dishes from the holy "Seven Fruits" of Israel.

"The Seven Fruits of the Land of Israel"

Wheat, Barley, Grapes, Figs, Pomegranates, Olives, and Dates.
